Dear Mr. Pauletto:

On June 10, 2005, you were issued a right-of-way grant for your Green Peak Quarry near Rosebud, Box Elder County, Utah. The right-of-way grant was conditioned by your approved mine plan entitled "I&P Investments Mine Plan of Operations, Green Peak Quarry, Box Elder County, Utah" dated April 2005.

In the mine plan and the right-of-way grant you are required to reclaim an existing mill site located on the county maintained road in the NE1/4 of Section 23, T. 10 N., R. 16 W., SLM as shown on the attached map. The mill site is required to be reclaimed no later than December 31, 2007. Since no reclamation work has yet taken place, this letter will serve as a reminder of this requirement.

Failure to comply with the terms and conditions of your right-of-way grant and mine plan will result in a suspension of your operation in this area and you will be considered in trespass on federal land.

Please contact Mike Nelson of my staff at (801) 977-4355 as soon as possible to inform us of your plans for reclamation of this mill site.
